5th Annual Lung Cancer Symposium
Bluemle Life Sciences Building, 233 S. 10th Street, Philadelphia, PA 19107
Friday, March 10, 2017 | 7:50AM - 4:15PM

Specifically designed for healthcare professionals whose practice focuses on the screening, diagnosis, management, and treatment of lung cancer.

Witness experts in the fields of Oncology, Surgery, and Pulmonary and Critical Care Medicine deliver updated approaches to the diagnosis and treatment of lung cancer.

Engage in lively interactive case-based discussions and critical deliberations on the state of current knowledge, clinical findings, differential diagnoses and management plan options.

Who Should Attend:
