5th Annual Sleep Medicine Symposium

Friday, November 17, 2017
Dorrance H. Hamilton Building, 1001 Locust Street, Philadelphia, PA 19107

This year’s symposium was developed in collaboration with Jefferson faculty and renowned national experts from the wide spectrum of medical specialties involved in sleep medicine. Gain key insights on insomnia and sleep apnea treatments, hypersomnia management and movement disorders during sleep.

**Target Audience:** Healthcare professionals specializing in sleep medicine, family medicine, internal medicine, pulmonary/critical care medicine, neurology, psychiatry, psychology, otolaryngology, oral & maxillofacial surgery, and dentistry.

**Key Topics Include:** (see full agenda on website)
- **Keynote Address** - Novel Developments in the Pharmacological Management of Insomnia
- Alternative Nutraceuticals and Nonprescription Pharmacological Therapeutics for Sleep Disorders
- Cognitive Behavioral Therapy for Insomnia
- Surgical & Medical Weight Management in the Treatment of Sleep Apnea
- Oral Appliances in the Management of Sleep Apnea
- Sleep Related Movement Disorders
- Oral Appliances in the Management of Sleep Apnea

**Choose From 3 Breakout Sessions:**
- Surgical Procedures for the Treatments of Sleep Apnea
- Hospital Sleep Medicine: Methodology and Practical Considerations
- Hands-on: The Mosaic of Treatments for Sleep Apnea
