 IHTMSymposium

6TH INTERNATIONAL HYPOTHERMIA AND TEMPERATURE MANAGEMENT SYMPOSIUM

September 12-14, 2016

The multi day **6th Annual International Hypothermia and Temperature Management Symposium** will gather leading scientists and clinicians in the field of therapeutic hypothermia and temperature management in beautiful Philadelphia to highlight and discuss recent advances in the field of temperature management related to basic science, clinical research and technology. The Symposium features international experts in the field, abstract-driven podium and poster presentations, and a TTM debate. Participants will enjoy an opening reception with poster viewing, exhibits, an optional dinner at Philadelphia's National Constitution Center, and time to network with their colleagues. This course is designed for physicians, researchers and other healthcare professionals involved in the areas of acute care, myocardial infarction, cardiac arrest, ICU, stroke and trauma.

Topics Include:

- Nuts and Bolts of Temperature Modulation
- Pharmacological Support
- Update in Clinical Applications:
Neurological Injury
- Update in Pediatric Cooling
- Cooling Models after Hemorrhagic Stroke
- Advanced Cooling Modalities
- Update in Clinical Applications:
Non-Neurological Injury
- Temperature Management Models
in the World
- Translational research in TTM
- Cardiac Arrest/ECMO

Course Directors

David F. Gaieski, MD

Associate Professor of Emergency Medicine
Vice Chair for Resuscitation Services
Director, Emergency Critical Care
Department of Emergency Medicine
Thomas Jefferson University

Jack I. Jallo, MD, PhD, FACS

Professor of Neurology and Neurological Surgery
Vice Chair for Academic Services
Director, Division of Neurotrauma and Critical Care
Department of Neurological Surgery
Thomas Jefferson University

Fred Rincon, MD, MSc, MBE, FACP, FCCP, FCCM, FNCS, FANA

Associate Professor of Neurology and
Neurological Surgery
Thomas Jefferson University
