Jefferson Alumni Hall, on the campus of Thomas Jefferson University

Inaugural Jefferson Sialendoscopy Course

Featuring Optional Hands-on Dissection Lab

Friday, April 7, 2017 | 8:00AM - 4:30PM

Jefferson Alumni Hall | 1020 Locust Street, Philadelphia, Pennsylvania 19107

Specifically designed for licensed healthcare professionals who perform, or wish to perform, sialendoscopy in their practices.

Why you should attend:

- **Engage** in intensive hands-on cadaveric dissection and lively interactive case-based discussions with experts in the field.
- **Examine** the advantages of sialendoscopy and identify patients for whom this minimally invasive procedure would be most appropriate.
- **Identify** specific strategies to incorporate sialendoscopy and hybrid techniques into practice.
- **Network** with faculty and colleagues in the field throughout the conference.

This course is brought to you by the Department of Otolaryngology - Head & Neck Surgery at Thomas Jefferson University

Topics will include:

(see full agenda on website)

- *Salivary anatomy and radiographic workup*
- *Indications and contra-indications for sialendoscopy*
- *Endoscopic management of stones*
- *Hybrid techniques – submandibular gland (SMG) and parotid*
- *Strictures and inflammatory disorders*
- *Gland excision, reconstruction and complications*

Optional Hands-on Dissection Lab

Intensive hands-on cadaver dissection session* will focus on:

- Dilation of papilla
- Endoscopic stone retrieval
- Hybrid techniques
- Transoral parotid duct advancement
- Ultrasound for salivary disorders

*Please note: Space is limited for the hands-on lab. Be sure to register early!
