1st Annual New Jersey Neurovascular Symposium
Innovations and Updates in Assessment, Treatment and Care

Thursday, November 1, 2018
Lucien’s Manor | 81 W. White Horse Pike, Berlin, NJ 08009

The 1st Annual New Jersey Neurovascular Symposium is designed for healthcare professionals who care for patients with or at risk for stroke. From pre-hospitalization to neurosurgical and endovascular interventions, this inaugural conference features stroke management from a systems of care perspective. It focuses on early recognition, determination of severity as well as the latest advances in treatment and the importance of individualized care in the hospital setting.

Highlights include:
- Keynote lecture by Joshua B. Bederson, MD: Use of Virtual Reality and Heads Up Display in Intracranial Surgery
- Pre-hospital and acute stroke management
- Stroke systems of care coordination
- Updated evidence based guidelines in stroke care
- Surgical management of the stroke patient
- Atypical stroke presentations

For more information and to register, visit:
