NCI – designated

9th Annual Brain Tumor Symposium

Friday, January 15, 2021 | 12:00PM - 4:05PM EST

VIRTUAL
MEETING

This annual conference will review the latest scientific evidence for emerging brain tumor treatments, patient guidelines, and current neuro-oncologic therapies to incorporate into clinical practice to meet the needs of the diverse patient population. The morning keynote presentations will be devoted to the theme of the symposium: *maintaining excellence in patient care in the COVID-19 pandemic era*.

BACK BY POPULAR DEMAND!

This program offers two tailored tracks- one for physicians and one for nurses/other healthcare professionals.

Key topics include:

- *Newly Diagnosed Gliomas – The Slow Road to Success*
- *Recurrent Glioblastoma – Choosing the Right Treatment for the Right Patient During the COVID Pandemic*
- *Multidisciplinary Management of Brain Metastases*
- *Multidisciplinary Tumor Board with Questions and Answers*

Target Audience: Neurosurgeons, neurologists, medical oncologists, neuro-oncologists, radiation oncologists, advanced care providers, nurses, nurse practitioners, physician assistants, hospitalists, oncology social workers, pharmacists, and other health professionals.
