

## *Geriatrics and Palliative Care 2021 Symposium*

Friday, May 21, 2021 | Live Virtual Meeting

### Course Objectives

*At the conclusion of this conference, participants should be able to:*

- Discuss the practice of Physician Aid-in-Dying (PAD).
- Examine how the opioid epidemic has affected the geriatric and palliative care populations during the COVID-19 pandemic.
- Examine innovative models of home-based medical care for homebound geriatric and palliative care patients.
- Explore strategies to alleviate burnout among healthcare providers.
- Explore telehealth teaching strategies for interprofessional learners.
- Practice mutual respect, trust, integrity, high standards of ethics while valuing differences when working with members of other health professions in the common goal of providing high quality, patient-centered health care.
- Recognize individual roles and the roles of others in the healthcare team to interact as a dynamic collective unit in the delivering of health services to patients.
- Apply relationship-building values and the principles of collaboration to the care of seriously ill and geriatric patients.
