

## The Evolution of Epilepsy Treatment

Friday, September 10, 2021

### LEARNING OBJECTIVES:

At the conclusion of this conference, participants should be able to:

- Describe the newer anti-seizure medications and the basic prescribing principles and contraindications.
- Create a seizure rescue plan for patients with epilepsy.
- Explain seizure morbidity and mortality and methods to mitigate this risk.
- Define the current devices utilized for the treatment of epilepsy.
- Illustrate the value of minimally invasive epilepsy surgery.
