

**Jefferson**

Philadelphia University +  
Thomas Jefferson University

*Jefferson Center for Interprofessional Practice and Education  
Interprofessional Care for the 21st Century  
October 26 - 27, 2018*

**Learning Objectives**

At the conclusion of this activity, participants should be able to:

- Describe assessment strategies for interprofessional education and collaborative practice as related to students, patients and systems;
- Identify opportunities/apply strategies to engage patients as partners in developing new models of interprofessional education and care;
- Describe/apply approaches for preparing faculty and staff for interprofessional education and collaborative practice;
- Explain the role of technology and social media in advancing interprofessional education and collaborative practice;
- Design sustainable interprofessional curricula bridging the classroom and clinical practice.
- Assess their individual practice in light of the information and discussions during the course, and identify specific strategies to implement as part of a continuing improvement process for their practices.
