London, United Kingdom

### COURSE OVERVIEW

This program will look at best practices in effectively screening athletes from both the national and global perspective through lively, case-based discussions. By presenting cutting edge discussion of new information on screening, greater attention will be focused on this very important and escalating issue affecting today's athletes in the US and throughout the world.

*This activity is supported, in part, by the Dinon Foundation, Simon's Fund, and Jefferson.*

### THE FOLLOWING TOPICS WILL BE DISCUSSED AND EXPLORED:

- Keynote Lecture: *Electrocardiograms in Athletes: Why are They Different and the Latest International Criteria*
- The Evolution of Screening the Hearts of Athletes: The US and UK Perspectives
- Screening Hearts - "Surprise! Look at What We Found!"
- Case Presentations and Panel Discussion

### REGISTRATION IS NOW OPEN!

For more information and registration instructions please visit [CME.Jefferson.edu](http://CME.Jefferson.edu) or call 1-888-JEFF-CME.

**There is no registration fee; however, pre-registration is required.**
